

# Helping your Child with Online Learning

**This FREE class will help you learn how to support your K-5th grade student navigate distance learning!**

This class will cover topics including:

- Online resources to support and extend your child's learning
- Concepts about Common Core to help you work with your child
- Study skills and strategies focused on online learning
- How to identify and work with your child's unique learning style

**September 1st– 10th**

Tuesdays & Thursdays from 3-4:30pm  
The class meets online via Zoom
